# What is the daily Bible reading challenge?

---

In a series of polls I made on my stories, (on Instagram) I asked everyone what kind of challenge we should do starting January 2023 and majority of people voted for a daily Bible reading challenge!

I was planning on doing this challenge for 66 days since I read somewhere that it takes that long to form a habit and I wanted to see if that was true! You are welcome to join me for the 66 days or less or more!

This challenge is just to help others to get into a routine of reading God's word daily and to truly meditate and benefit from it. Personally, it has help me to stay on track and be accountable when I post my study habits so feel free to post what you've learned and tag @spiritualgemsshop or use the hashtag #DBRC23 (which stands for Daily Bible Reading Challenge 2023)
